# Welcome to The College of Beauty Therapists, bought to you by Open Study College

By choosing to download our prospectus you are taking control of your future. Your next step is to read through this prospectus and choose the course that will lead you to your dream career!

## Hello

Congratulations on taking the first step towards your new qualification and career!

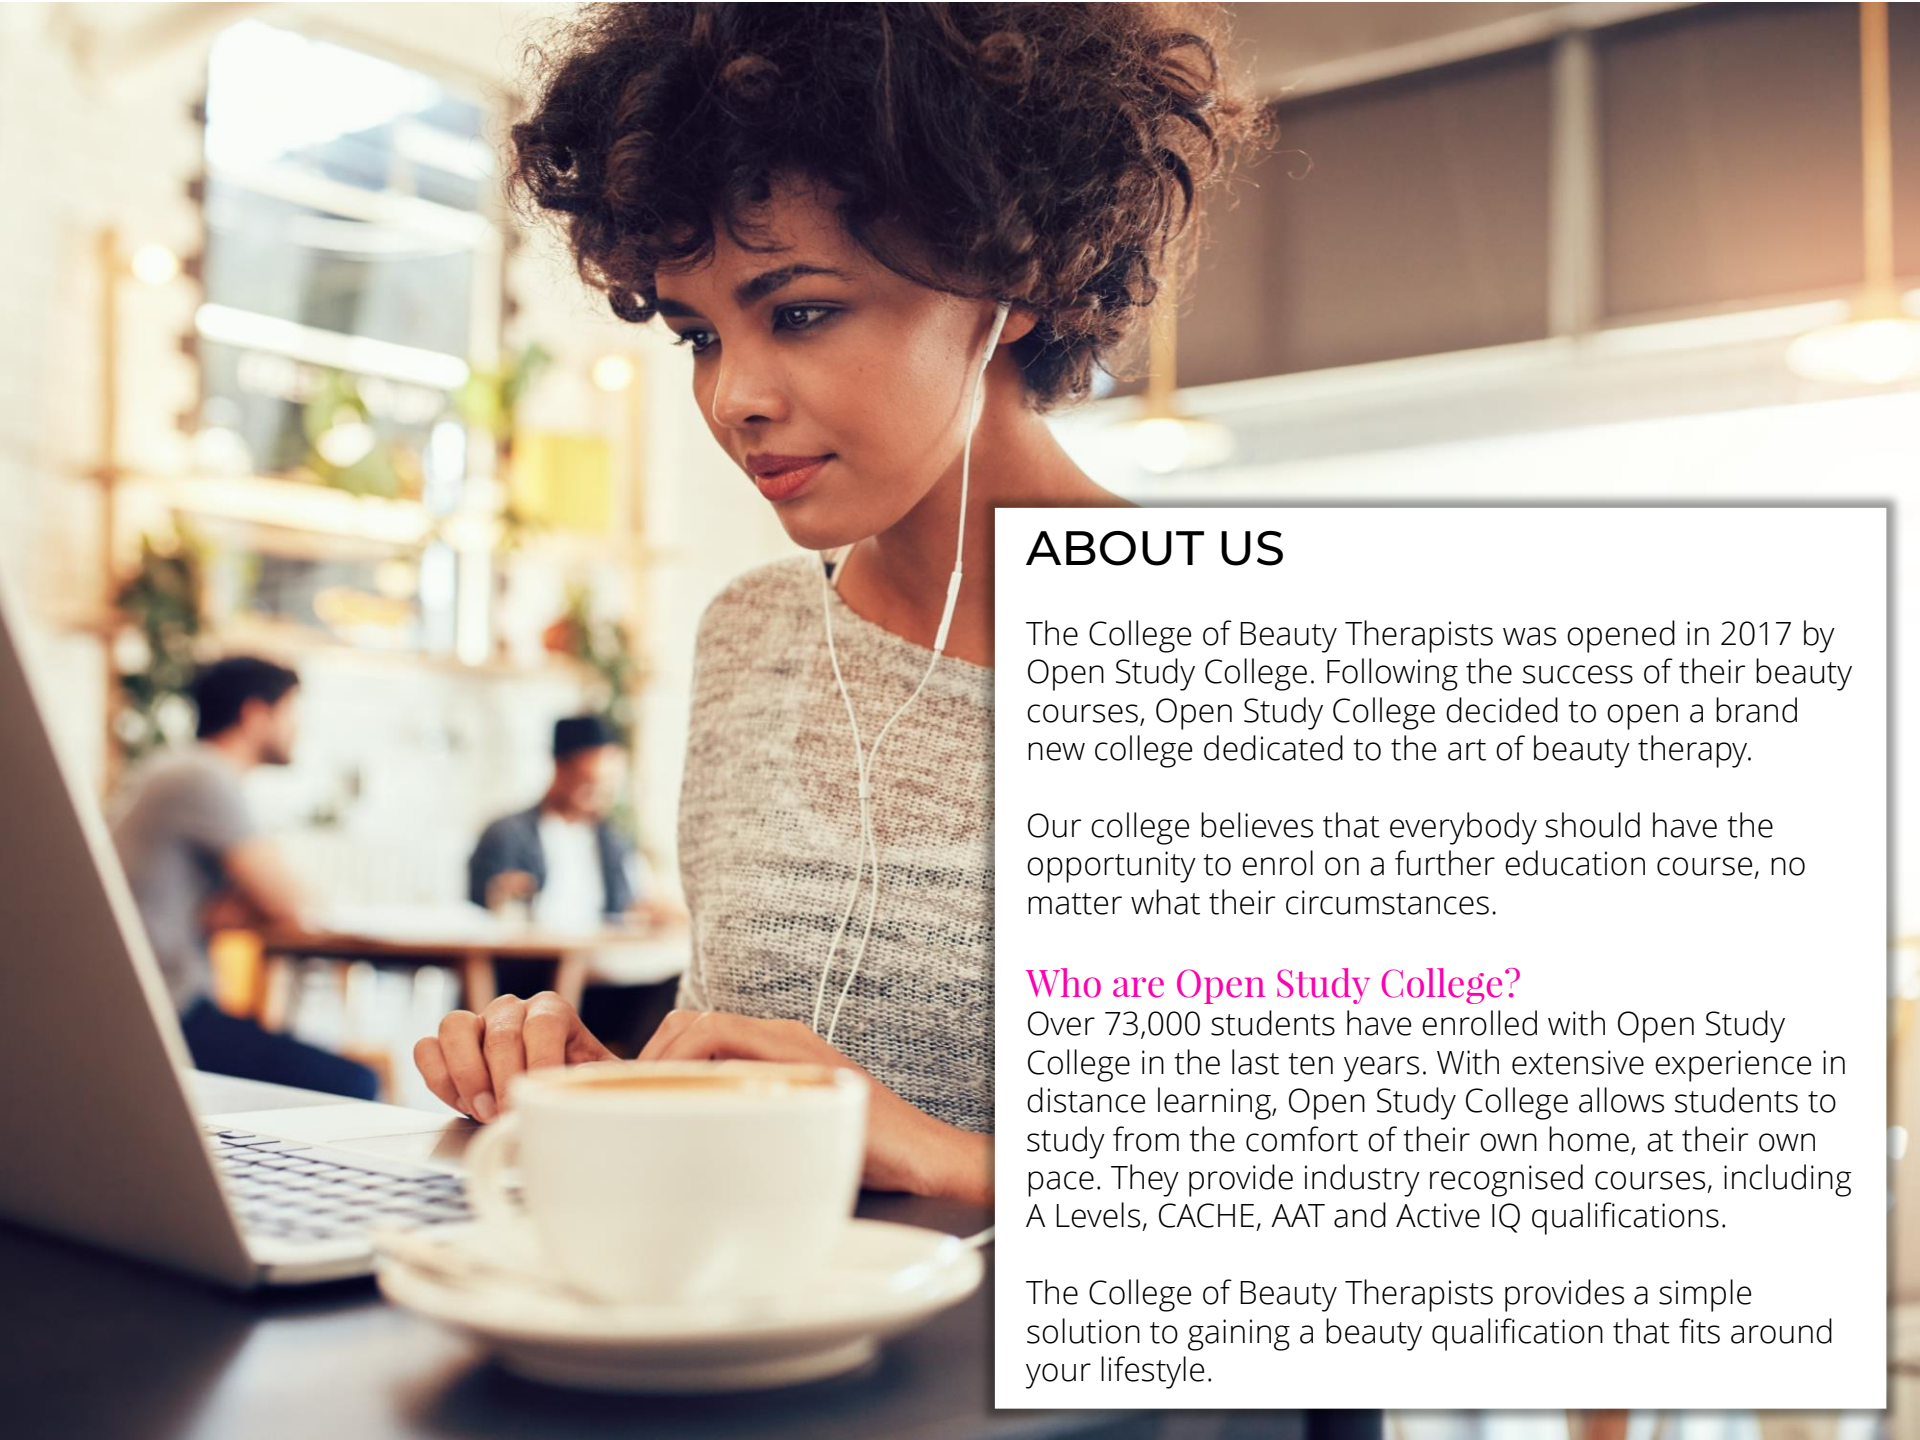

We offer a range of beauty therapy courses that our students can study from the comfort of their own home, at their own pace.

We believe our students should be in control of their learning, which is why we provide a unique home learning experience. College study should be so much more than just a course, and that's why we provide exceptional tutor support, and a great range of qualifications. Our number one priority is to ensure that you have the support and tools you need to successfully pass your course and gain that all important qualification.

I hope you find something that interests and motivates you within this prospectus. We look forward to enrolling you onto your perfect course and helping you to achieve your ambitions.

**SAMANTHA RUTTER**  
CENTRE DIRECTOR

## ABOUT US

The College of Beauty Therapists was opened in 2017 by Open Study College. Following the success of their beauty courses, Open Study College decided to open a brand new college dedicated to the art of beauty therapy.

Our college believes that everybody should have the opportunity to enrol on a further education course, no matter what their circumstances.

### Who are Open Study College?

Over 73,000 students have enrolled with Open Study College in the last ten years. With extensive experience in distance learning, Open Study College allows students to study from the comfort of their own home, at their own pace. They provide industry recognised courses, including A Levels, CACHE, AAT and Active IQ qualifications.

The College of Beauty Therapists provides a simple solution to gaining a beauty qualification that fits around your lifestyle.

## HOW DISTANCE LEARNING WORKS

### Qualifications

We only work with independent, recognised awarding bodies to develop courses that lead to a powerful qualification. Our courses have been subject to detailed, rigorous checks to ensure that our courses meet the high standards awarding bodies expect.

### Take Control

You decide when and where to study your learning materials and complete assignments to fit in around work and family commitments. Distance learning offers a truly flexible option to learn and gain your new qualification.

### Tutor Support

Learning from home doesn't mean you are on your own! Our tutors are with you every step of the way so that you feel fully supported. You can contact them as regularly as you want for help and support throughout your course.

### Assignments

Your course materials will include assignment briefs for you to complete. Your personal tutor is responsible for assessing your performance throughout the course. Once you submit an assignment your tutor will evaluate and mark it before returning it to you with feedback.

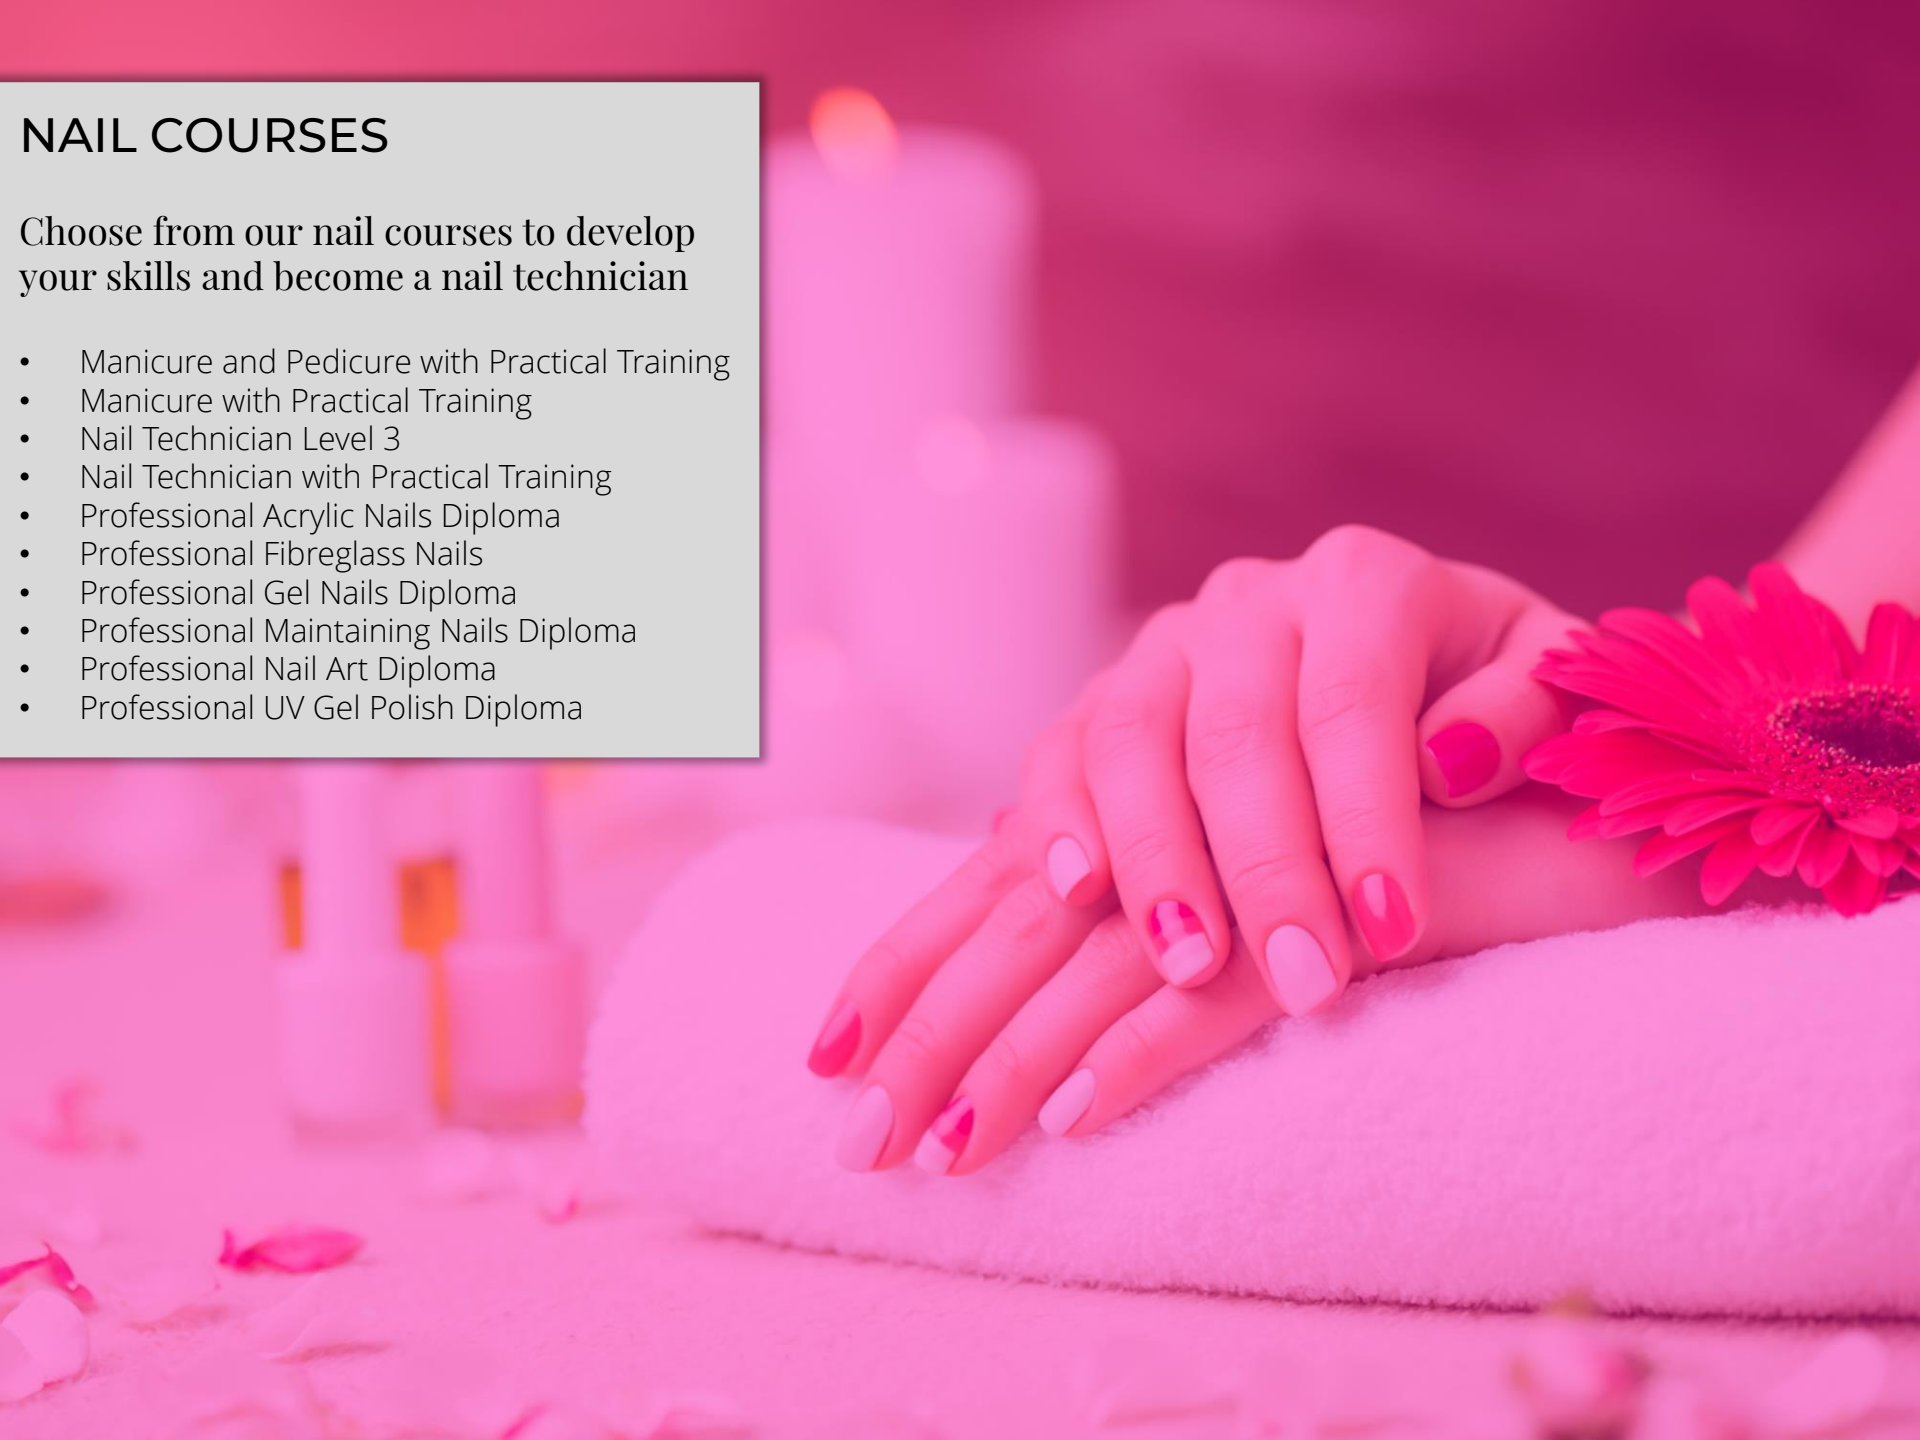

**A qualification can be the difference between being stuck in a career rut and getting your dream job!**
